

2021 RCNA CONVENTION MEDAL • MÉDAILLE DU CONGRÈS DE L'ARNC 2021

On Sale Now! • En vente maintenant!

The 2021 RCNA Convention Medal celebrates the RCNA's first Virtual Convention, a theme developed by the RCNA's Medal Committee in conjunction with our Convention Committee. During consultations, the final design was chosen to evoke emotions of national pride and unity in the face of the devastating worldwide COVID-19 pandemic.

Canada's iconic symbol, the Peace Tower, proudly flying the nation's flag, is prominently featured. The hands of the Tower Clock indicating 11:11 to honour those Canadians who have made the supreme sacrifice. The eternal Centennial Flame, symbolic of Canadian unity, is in the foreground, representing our country – Strong and Free – *A Mari Usque Ad Mare*.

These two symbols of our national pride are in Ottawa, home to the Ottawa Numismatic Society, the intended host club of the RCNA 2021 Convention before the ongoing pandemic. We look forward to the ONS hosting the Association's 2022 Convention.

To the right is an allegorical figure of a Canadian masked for self protection and for keeping others safe from transmitted COVID-19.

The figure holds a tablet, safely interacting with colleagues, friends, and family through the worldwide web. The international symbol for WiFi represents connectivity in our current reality; even though we are physically apart we are together as one in spirit!

The imagery of our medal honours Canada's past while looking forward to a brighter future!
